## Summer at RRC; a Magical Time!

Our goal is to bring the joy of summer to each camper. Whether it's swimming on a warm summer day, or going on nature walks through the woods, we want your child to experience summer.

We believe that summer is a special time for children, and that RRC's unique location and facilities offer each child the chance to make the most of their summer.

### Activities

Through our theme-based camp learning (active games, creative arts, games and more), we inspire children to reach their potential.

In addition, due to our families' feedback, we've combined all of RRC's programs into one package. Your Summer Camp registration now includes entry to RRC Swim School and Totally Tennis Summer Camp. These long-standing, successful programs have been the cornerstone of RRC's summer learning for over 20 years, and we are very excited to incorporate them into camp this summer.

We hope that each child will learn at camp, make a few friends and leave feeling confident and happy.

### Staff

Our experienced staff is dedicated to making camp a memorable and positive experience for your child.

Our staff nurtures each child while encouraging our age-based groups to step outside their comfort zone, meet new friends and venture to try something new. If your child is happy, then we are happy!

### RRC Swim School

The teachers at the Rafael Racquet Club have two passions, children and water. We want your child to learn to swim as much as you do. We teach them about the dangers and the benefits of swimming throughout our lessons. Our teaching techniques help students understand what they do and learn a correct stroke for life.

### Totally Tennis Summer Camp

Celebrating its 20th season, Totally Tennis Summer Camp is an age-group based program that teaches children the fundamentals of tennis. Kids enrolled in the program will develop sound, effective strokes, learn techniques from a talented staff and learn to love this sport for life.
